

Hearing and Speech Nova Scotia

Posting Number **A0220** (Please quote this number on your application along with subject line of email)

This is a NSGEU Bargaining Unit position.

Start Date – 8 April 2020

End Date – 31 Dec 2020

POSTING CLOSES: open until filled

Audiologist Department of Audiology Sydney Mines

Hearing and Speech Nova Scotia (HSNS) provides audiology services to Nova Scotians of all ages, and speech-language pathology services to preschool children and adults. HSNS is funded by the NS Government to deliver integrated and standardized provincial services across 34 clinical sites, located in 24 communities. Nationally certified Audiologists and Speech-Language Pathologists, with support from Communication Disorder Technicians and Administrative Support Professionals, provide core services (prevention, diagnosis, and treatment), develop and monitor provincial clinical standards, and collaborate with partners to deliver a number of special programs (e.g., Autism, Stroke, Cochlear Implant). Established in 1963, HSNS works to prevent and reduce the impact of communication disorders for Nova Scotians.

We are proud to offer:

- ✓ A nationally accredited program with Accreditation Canada
- ✓ A Province-wide support network of professional colleagues, clinical resources, and coordinated clinical services
- ✓ Varied caseloads and work settings
- ✓ Salaries (full time) commensurate with experience [starting at \$73,665], and excellent benefits package
- ✓ Continuing education opportunities
- ✓ Opportunities for relocation and clinical specialization

We are accepting applications for the **temporary, full-time (1.0 FTE) position of Audiologist**. The Home Base Site is Sydney Mines. The successful candidate reports to the assigned Manager. Schedule to be determined.

Requirements:

- Master's Degree in Audiology
- Nova Scotia College of Audiologists and Speech-Language Pathologists (NCASLP) licensure or eligible for licensure
- Recent experience with provision of pediatric and adult audiological diagnostic and management procedures in acute and outpatient settings
- Recent knowledge of discipline specific best practices in screening, diagnostic and rehabilitative audiologic services
- Recent experience with hearing aid verification and validation
- Demonstrated commitment to family-centered care
- Flexibility in work schedule to support outreach/parachute services
- Flexibility to travel on occasion to attend continuing education, events and/or meetings
- Excellent interpersonal/organizational skills
- Candidate will have to demonstrate current immunization and/or boosters at the end of the probationary period

Assets:

- Experience working with transdisciplinary clinical teams and working with supportive personnel (e.g., Communication Disorder Technicians)
